Pictionary Race

Prepare a list of
10 keywords

Organise students into teams of 3.

Each team will need a mini whiteboard and a pen, or some scrap paper and a pencil.

When you say 'GO' one person from each team comes to you to see the first keyword. Keep all other words covered up with a separate piece of paper.

They go back to their team and draw a picture to represent that keyword.

No writing and no speaking.

As soon as a student guesses the word correctly, that person comes to you to collect the second word.

They return to their team to draw pictures for the other students to guess the second keyword.

This continues as a race until the first team complete all 10 keywords.

The classroom will be lively,
fun and maybe a little chaotic.

The students will love it and
will no doubt ask for a second
round, so having another list of
keywords to hand is a good
idea!
