

**grade A
classroom**

If this is the
answer, what is
the question?

Write down 5 single word answers/short answers on the board.

Ask students to create a suitable question for each one.

Opportunity to collaborate

Students move around the room and ask each other their questions in a random order.

Students choose answers from the board.

Encourage students to ask each question to a different student so they are interacting with more people.

Class feedback

Ask students to feedback any great questions that they heard or any questions that they want to challenge.
